

We strongly recommend use of face mask

Savo Vocational College strongly recommends the use of face masks for students in Kuopio and Siilinjärvi campuses. We hope that you **wear a face mask always when a safe distance from others cannot be kept** (for example during lessons, breaks and in the corridors).

Active use of face masks is vital in combating the spread of coronavirus. The sooner the virus is taken under control, the sooner we will be able to return back to normal. We all share the responsibility.

Watch THL's [Correct use of face mask -video](#) (in Finnish). After use throw the used mask into a rubbish bin.

Several municipalities and parishes distribute free face masks. Contact the mask distribution point of your municipality or parish. Information about Covid-19 on campus websites:

A reminder of what to do to protect yourself and others from Covid-19

- Come to school only if you are healthy.
- Wash your hands and use hand sanitizer regularly.
- Cough into your sleeve.
- Keep a safe distance from others (1-2 m.).
- We have scheduled our meal times, and it is vital to stick to the meal time schedule.
- Avoid unnecessary gatherings in the morning, during breaks between lessons and after school hours in the afternoon.

We recommend that you download the [Koronavilkku application](#), if you have not done it yet.
