## An agent a sustainable future

*Proudly professional!*

One day it was clear to everyone. The world is changing and we must be active participants along with the change.

**But how?**

**We inspire the student to move forward in career and life**

- We guarantee the student individual and high-quality teaching and guidance as well as future skills - from us, proudly professionals graduate!
- We take into account the student's overall life situation - "We don't lose anyone".
- We support the student in transitioning to work and further studies. We encourage continuous learning.

### Values

#### Appreciation

We value each other's work, we are honest and care about each other. We promote community and inclusion as well as acceptance of diversity.

#### Courage

We encourage openness, creativity, and courage innovatively and to develop ways to work together.

#### Responsibility

We act responsibly and flexibly. We promote equality and take care of the quality of education, guidance and support services.

**We take care of our experts**

- We create the framework for an encouraging organizational culture and the opportunity for self-realization and the courage to act. We promote flexible operational models and processes.
- We ensure skills that meet future needs - we support and encourage professional development opportunities for our staff - we foster a culture of experimentation in work methods and technology.
- We value our work and encourage each other through collaboration.

**We save society**

- We are the most active initiator of vocational education openings in Eastern Finland.
  - An active network participant and creator. We are tightening cooperation with the organizers of vocational education in Eastern Finland.
  - Through our activities, we create strong and attractive learning environments in cooperation with primary schools, high schools, universities of applied sciences, and universities.
- We connect with business life in new ways and with enthusiasm.
- We are actively solving the labor shortage, for example, through work-based immigration.
- We make structural choices in our educational offerings flexibly and according to the needs of working life.
- We utilize Savo Education Ltd to achieve our goals.
